## 2 School staff survey for heads of science, science teachers and science technicians - Year 1

In year 1 of the study, the school staff survey was a single survey for heads of science, science teachers and science technicians, with branching points taking each role to their relevant questions.

### About your School or College

*1. School/College name (*Required)

*2. What is your school/college's postcode? (*Required)

*3. In which nation is your school/college? (*Required)
<i>Select one.</i>
<input type="radio"/> England
<input type="radio"/> Northern Ireland
<input type="radio"/> Wales
<input type="radio"/> Scotland

### Please indicate your school or college characteristics

4. Age Range
<i>Select one.</i>
<input type="radio"/> 5 -19 Primary and Secondary
<input type="radio"/> 11 - 16 Secondary
<input type="radio"/> 11 - 19 Secondary
<input type="radio"/> 16 - 19 Secondary
<input type="radio"/> FE College
<input type="radio"/> Other

5. Funding
<i>Select one.</i>
<input type="radio"/> Local authority/state funded
<input type="radio"/> Academy/Free School
<input type="radio"/> Independent
<input type="radio"/> Other

6. Gender/Selectivity

Select one.

<input type="radio"/>	Boys non-selective
<input type="radio"/>	Girls non-selective
<input type="radio"/>	Mixed non-selective
<input type="radio"/>	Boys selective
<input type="radio"/>	Girls selective
<input type="radio"/>	Mixed selective

\*7. Are you a science technician? (\*Required)

Select one.

<input type="radio"/>	Yes	(Go to question number 91.)
<input type="radio"/>	No	(Go to question number 8.)

**Current Students**

8. How many students attend your school/college?

--

9. For schools/sixth-form colleges only:

	<i>Number</i>
How many 15-16 year olds attend the school?	<input type="text"/>
How many 15-16 year-olds take examinations in three separate science subjects (physics, chemistry and biology)	<input type="text"/>
How many post-16 students attend the school/college?	<input type="text"/>
How many post-16 students study one or more sciences?	<input type="text"/>

10. For FE colleges ONLY: How many students study one or more sciences at A/AS-level, Higher/Advanced Higher or academic equivalent?

--

11. Does your school/college offer a regular extra-curricular STEM (Science, Technology, Engineering, Mathematics) club that includes practical work in science?

Select one.

<input type="radio"/>	Weekly or fortnightly
<input type="radio"/>	Monthly
<input type="radio"/>	Annually or few times a year
<input type="radio"/>	Don't have a club

\*12. Are you Head of a Science Department? (\*Required)

Select one.

<input type="radio"/>	Yes	(Go to question number 13.)
<input type="radio"/>	No	(Go to question number 29.)

### Departmental Structure

13. Does the school/college have separate departments for Physics, Chemistry and Biology?

Select one.

<input type="radio"/>	Yes	(Go to question number 14.)
<input type="radio"/>	No	(Go to question number 15.)

14. Please indicate your department

Select one.

<input type="radio"/>	Physics
<input type="radio"/>	Chemistry
<input type="radio"/>	Biology

15. Please indicate the number of students studying PHYSICS

	Number
Number of 11 – 14 year-olds	<input type="text"/>
Number of students doing GCSEs/Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS/A/Higher/Advanced Higher or equivalent in the subject	<input type="text"/>

16. Please indicate the number of students studying CHEMISTRY

	<i>Number</i>
Number of 11 – 14 year-olds	<input type="text"/>
Number of students doing GCSEs/Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS/A/Higher/Advanced Higher or equivalent in the subject	<input type="text"/>

17. Please indicate the number of students studying BIOLOGY

	<i>Number</i>
Number of 11 – 14 year-olds	<input type="text"/>
Number of students doing GCSEs/Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS/A/Higher/Advanced Higher or equivalent in the subject	<input type="text"/>

**Staffing**

18. How many science teachers (full-time equivalent, FTE) teach in the school/college?

<input type="text"/>
----------------------

19. How many teachers (FTE) teach each of these subjects?

	<i>Number</i>
Physics	<input type="text"/>
Chemistry	<input type="text"/>
Biology	<input type="text"/>

20. How many technicians (FTE) in total support science in your school/college?

--

21. How many technicians (FTE) support each of these subjects?

	<i>Number</i>
Physics	<input style="width: 100%; height: 25px;" type="text"/>
Chemistry	<input style="width: 100%; height: 25px;" type="text"/>
Biology	<input style="width: 100%; height: 25px;" type="text"/>

22. Are any technician positions currently unfilled?

*Select one.*

<input type="radio"/>	Yes
<input type="radio"/>	No

**Department Budget**

23. What is the current annual budget (excluding staff salaries) allocated to science from your school/college?

	£
Budget for the Science Department/ALL specialist departments	<input style="width: 100%; height: 25px;" type="text"/>
If applicable, budget for YOUR SPECIALIST SUBJECT/DEPARTMENT only	<input style="width: 100%; height: 25px;" type="text"/>

24. What was LAST YEAR'S annual budget (excluding staff salaries) allocated to science from your school/college?

	£
Budget for the Science Department/ ALL specialist departments	<input style="width: 100%; height: 25px;" type="text"/>
If applicable, budget for YOUR SPECIALIST SUBJECT/DEPARTMENT only	<input style="width: 100%; height: 25px;" type="text"/>

25. Please state the proportions of your department budget allocated to these areas of expenditure (Note: Percentages do not need to add up to 100%)

	<i>Proportion allocated (%) of total</i>
Consumables and equipment for practical work	<input type="text"/>
Photocopying/reprographics - for hard copy worksheets, examinations etc.	<input type="text"/>
ICT - software, hardware, data logging	<input type="text"/>
Science-specific professional development	<input type="text"/>

**Laboratories**

26. How many laboratories are available in your school/college?

	<i>Number of laboratories</i>
Physics laboratories	<input type="text"/>
Chemistry laboratories	<input type="text"/>
Biology laboratories	<input type="text"/>
General science laboratories	<input type="text"/>

27. To what extent are science lessons taught in their appropriate laboratories, i.e. physics lessons in laboratories with physics equipment etc? PLEASE NOTE: Post 16 category - In FE Colleges this applies to AS/A2/Highers/Advanced Highers or academic equivalent ONLY

*Select one per row.*

	<i>All lessons</i>	<i>Most lessons</i>	<i>About half of the lessons</i>	<i>A few lessons</i>	<i>None</i>
11 – 14s	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
14 – 16s	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Post 16	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

28. How satisfied are you with the following factors in your department for delivering high quality practical work?

*Select one per row.*

	<i>Very satisfied</i>	<i>Satisfied</i>	<i>Neither satisfied nor dissatisfied</i>	<i>Dissatisfied</i>	<i>Very dissatisfied</i>
The department has sufficient laboratory facilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has sufficient equipment and consumables	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has sufficient technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has a sufficient budget	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The teachers have sufficient competency	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Teachers are offered sufficient professional development	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

**Practical Work Teaching this current year**

Practical work is defined in this study as:

“A learning activity in which students observe, investigate and develop an understanding of the world around them, through direct, hands-on, experience of phenomena or manipulating real objects and materials.”

29. Have you received any professional development related to teaching science practical work in the current academic year?

*Select one.*

<input type="radio"/>	Yes	(Go to question number 30.)
<input type="radio"/>	No	(Go to question number 31.)

30. Please indicate the number of days

--

The next questions relate to teaching specific age groups (11 – 14, 14 – 16, Post-16). Please answer questions for each age group you teach.

31. Are you teaching A/AS/Advanced Highers/Highers to Post-16 students in schools or colleges in the current academic year?

Select one.

<input type="radio"/>	Yes	(Go to question number 32.)
<input type="radio"/>	No	(Go to question number 47.)

Please indicate ONE science subject and Post-16 qualification you are teaching this year and answer all questions about teaching with this subject and qualification in mind.

32. SUBJECT

Select one.

<input type="radio"/>	Physics
<input type="radio"/>	Chemistry
<input type="radio"/>	Biology
<input type="radio"/>	Other (Please specify): <input type="text"/>

33. QUALIFICATION

Select one.

<input type="radio"/>	A-level
<input type="radio"/>	Advanced Highers
<input type="radio"/>	AS-level
<input type="radio"/>	Highers
<input type="radio"/>	Other (Please specify): <input type="text"/>

34. Please specify the Awarding Organisation whose specification you are following for this qualification:

Select one.

<input type="radio"/>	AQA
<input type="radio"/>	Edexcel
<input type="radio"/>	OCR
<input type="radio"/>	CIE
<input type="radio"/>	IB
<input type="radio"/>	CCEA
<input type="radio"/>	ICAAE
<input type="radio"/>	WJEC
<input type="radio"/>	SQA
<input type="radio"/>	Other (Please specify): <input type="text"/>

35. How much timetabled time (in hours) is allocated to the selected Post-16 subject and qualification each week?

Hours

36. Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year. (Please use decimals if necessary, e.g. 3.5)

	<i>Number of hours each week</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

37. For your selected subject and Post-16 qualification, approximately how many days are allocated to each of these activities in an academic year?

	<i>Days in a year</i>
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science related industry, museums etc.	<input type="text"/>

38. Has the number of days for these activities changed since the last academic year?

*Select one per row.*

	<i>Increased</i>	<i>Decreased</i>	<i>Stayed about the same</i>
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

39. For your selected subject and Post-16 qualification, approximately how many practical science activities will a student carry out during the current year?

40. Has the number of practical work activities/experiments altered since last year?

*Select one.*

<input type="radio"/>	Increased
<input type="radio"/>	Decreased
<input type="radio"/>	Stayed the same

41. For your selected subject and Post-16 qualification, how much lesson time (in hours) is allocated to preparing for and carrying out practical work assessment required by the Awarding Organisation in the current academic year?

Hours

42. Please indicate how often the students in the selected subject and Post-16 qualification work individually, in pairs or in groups when carrying out practical work activities/experiments

*Select one per row.*

	<i>Always</i>	<i>Most of the time</i>	<i>About half the time</i>	<i>Seldom</i>	<i>Never</i>
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

43. Please indicate how frequently students in the selected subject and Post-16 qualification do the following in their practical work activities/experiments.

*Select one per row.*

	<i>All activities</i>	<i>Most activities</i>	<i>About half of the activities</i>	<i>A few activities</i>	<i>No activities</i>
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

44. For the selected subject and Post-16 qualification, please compare and rate the impact of these factors on choosing what practical work to include in your lessons

*Select one per row.*

	<i>High Impact - 5</i>	4	3	2	<i>No impact - 1</i>
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

45. For your selected subject and Post-16 qualification, please compare and rate the importance of these aims in your practical work teaching

*Select one per row.*

	<i>High importance - 5</i>	4	3	2	<i>No importance - 1</i>
To develop practical skills for laboratory work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To learn the principles of scientific inquiry	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop team-working and problem-solving skills	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To motivate and engage students	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To prepare students for future science-related jobs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop conceptual understanding	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop students' creativity and critical thinking	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

46. Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the Post-16 phase.

*Select one per row.*

	<i>Very well prepared</i>	<i>Well prepared</i>	<i>Marginally prepared</i>	<i>Unprepared</i>
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

47. Are you teaching GCSE/ National science to 14 – 16 year old students in schools or colleges in the current academic year?

*Select one.*

<input type="radio"/>	Yes	(Go to question number 48.)
<input type="radio"/>	No	(Go to question number 65.)

Please indicate ONE science subject and 14 – 16 qualification you are teaching this year and answer all questions about teaching with this subject and qualification in mind.

48. SUBJECT

*Select one.*

<input type="radio"/>	Physics
<input type="radio"/>	Chemistry
<input type="radio"/>	Biology
<input type="radio"/>	Other (Please specify): <input style="width: 100%;" type="text"/>

49. QUALIFICATION

*Select one.*

<input type="radio"/>	National 4
<input type="radio"/>	National 5
<input type="radio"/>	Single subject GCSE
<input type="radio"/>	Double Award GCSE
<input type="radio"/>	Single Award GCSE
<input type="radio"/>	Other (Please specify): <input style="width: 100%;" type="text"/>

50. Please specify the Awarding Organisation whose specification you are following for this qualification:

Select one.

<input type="radio"/>	AQA
<input type="radio"/>	Edexcel
<input type="radio"/>	OCR
<input type="radio"/>	CIE
<input type="radio"/>	IB
<input type="radio"/>	CCEA
<input type="radio"/>	ICAAE
<input type="radio"/>	WJEC
<input type="radio"/>	SQA
<input type="radio"/>	Please specify: <input type="text"/>

51. Is the year subject/group you teach set by ability?

Select one.

<input type="radio"/>	Yes	(Go to question number 52.)
<input type="radio"/>	No	(Go to question number 53.)

52. Choose one ability group you refer to when answering questions about teaching

Select one.

<input type="radio"/>	High
<input type="radio"/>	Medium
<input type="radio"/>	Low

53. How much timetabled time (in hours) is allocated to the selected subject and year group each week?

<input type="text"/>	Hours
----------------------	-------

54. Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year. (Please use decimals if necessary, e.g. 3.5)

	<i>Number of hours each week</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

55. For your selected 14 – 16 subject and qualification, approximately how many days are allocated to each of these activities in an academic year?

	<i>Days in a year</i>
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science related industry, museums etc.	<input type="text"/>

56. Has the number of days for these activities changed since the last academic year?

*Select one per row.*

	<i>Increased</i>	<i>Decreased</i>	<i>Stayed about the same</i>
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

57. For your selected 14 – 16 subject and qualification, approximately how many practical science activities will a student carry out during the current year?

58. Has the number of practical work activities/experiments altered since last year?

*Select one.*

<input type="radio"/>	Increased
<input type="radio"/>	Decreased
<input type="radio"/>	Stayed the same

59. For your selected subject and 14 -16 qualification, how much lesson time (in hours) is allocated to preparing for and carrying out practical work assessment required by the Awarding Organisation in the current academic year?

 Hours

60. Please indicate how often the students in the selected 14 – 16 subject and qualification work individually, in pairs or in groups when carrying out practical work activities/experiments

*Select one per row.*

	<i>Always</i>	<i>Most of the time</i>	<i>About half the time</i>	<i>Seldom</i>	<i>Never</i>
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

61. Please indicate how frequently students in the selected 14 – 16 subject and qualification do the following in their practical work activities/experiments.

*Select one per row.*

	<i>All activities</i>	<i>Most activities</i>	<i>About half of the activities</i>	<i>A few activities</i>	<i>No activities</i>
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

62. For your selected 14 – 16 subject and qualification, please compare and rate the impact of these factors on choosing what practical work to include in your lessons

*Select one per row.*

	<i>High Impact - 5</i>	<i>4</i>	<i>3</i>	<i>2</i>	<i>No impact - 1</i>
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

63. For your selected 14 – 16 subject and qualification, please compare and rate the importance of these aims in your practical work teaching

*Select one per row.*

	<i>High importance - 5</i>	4	3	2	<i>No importance - 1</i>
To develop practical skills for laboratory work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To learn the principles of scientific inquiry	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop team-working and problem-solving skills	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To motivate and engage students	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To prepare students for future science-related jobs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop conceptual understanding	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop students' creativity and critical thinking	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

64. Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the 14 – 16 phase.

*Select one per row.*

	<i>Very well prepared</i>	<i>Well prepared</i>	<i>Marginally prepared</i>	<i>Unprepared</i>
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

65. Are you teaching GCSE/National science to 11 – 14 year old students in the current academic year?

*Select one.*

<input type="radio"/>	Yes	(Go to question number 66.)
<input type="radio"/>	No	(Go to question number 82.)

Please indicate ONE timetabled subject and year group you are teaching to 11 – 14s this year and answer all questions about teaching with this subject and qualification in mind.

66. SUBJECT

*Select one.*

<input type="radio"/>	Physics
<input type="radio"/>	Chemistry
<input type="radio"/>	Biology
<input type="radio"/>	Science
<input type="radio"/>	Other (Please specify): <input type="text"/>

67. YEAR GROUP

*Select one.*

<input type="radio"/>	11 – 12s (Year 7)
<input type="radio"/>	12 – 13s (Year 8 / S1 / 1st Year)
<input type="radio"/>	13 – 14s (Year 9 / S2 / 2nd Year)

68. Is the year subject/group you teach set by ability?

*Select one.*

<input type="radio"/>	Yes	(Go to question number 69.)
<input type="radio"/>	No	(Go to question number 71.)

69. Choose one ability group you refer to when answering questions about teaching

*Select one.*

<input type="radio"/>	High
<input type="radio"/>	Medium
<input type="radio"/>	Low

70. How much timetabled time (in hours) is allocated to the selected subject and year group each week?

<input type="text"/>	Hours
----------------------	-------

71. Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year. (Please use decimals if necessary, e.g. 3.5)

	<i>Number of hours each week</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

72. For your selected 11 – 14 subject and year group, approximately how many days are allocated to each of these activities in an academic year?

	<i>Days in a year</i>
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science related industry, museums etc.	<input type="text"/>

73. Has the number of days for these activities changed since the last academic year?

*Select one per row.*

	<i>Increased</i>	<i>Decreased</i>	<i>Stayed about the same</i>
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

74. For your selected 11 – 14 subject and year group, approximately how many practical science activities will a student carry out during the current year?

75. Has the number of practical work activities/experiments altered since last year?

*Select one.*

<input type="radio"/>	Increased
<input type="radio"/>	Decreased
<input type="radio"/>	Stayed the same

76. For your selected 11 – 14 subject and year group, how much lesson time (in hours) is allocated to preparing for and carrying out statutory practical work assessment in the current academic year?

	Hours
--	-------

77. Please indicate how often the students in the selected 11 – 14 subject and year group work individually, in pairs or in groups when carrying out practical work activities/experiments

*Select one per row.*

	<i>Always</i>	<i>Most of the time</i>	<i>About half the time</i>	<i>Seldom</i>	<i>Never</i>
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

78. Please indicate how frequently students in the selected 11 – 14 subject and qualification do the following in their practical work activities/experiments.

*Select one per row.*

	<i>All activities</i>	<i>Most activities</i>	<i>About half of the activities</i>	<i>A few activities</i>	<i>No activities</i>
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

79. For your selected 11 – 14 subject and year group, please compare and rate the impact of these factors on choosing what practical work to include in your lessons

*Select one per row.*

	<i>High Impact - 5</i>	4	3	2	<i>No impact - 1</i>
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

80. For your selected 11 – 14 subject and year group, please compare and rate the importance of these aims in your practical work teaching

*Select one per row.*

	<i>High importance - 5</i>	4	3	2	<i>No importance - 1</i>
To develop practical skills for laboratory work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To learn the principles of scientific inquiry	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop team-working and problem-solving skills	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To motivate and engage students	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To prepare students for future science-related jobs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop conceptual understanding	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To develop students' creativity and critical thinking	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

81. Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the 11 – 14 phase.

*Select one per row.*

	<i>Very well prepared</i>	<i>Well prepared</i>	<i>Marginally prepared</i>	<i>Unprepared</i>
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

### Background Information

82. Please indicate the box corresponding to your age

*Select one.*

<input type="radio"/>	Under 25
<input type="radio"/>	26–29
<input type="radio"/>	30–39
<input type="radio"/>	40–49
<input type="radio"/>	50–59
<input type="radio"/>	60 or older

83. Please indicate your gender

*Select one.*

<input type="radio"/>	Male
<input type="radio"/>	Female
<input type="radio"/>	Prefer not to say

84. Please indicate if your current teaching position is ...

*Select one.*

<input type="radio"/>	Permanent
<input type="radio"/>	Temporary

85. Please indicate if you work....

*Select one.*

<input type="radio"/>	Full Time
<input type="radio"/>	Part Time

86. By the end of this academic year, how many years will you have been teaching altogether?

	Number
--	--------

87. Please indicate your specialist science subject

*Select one.*

- |                       |                                             |

**Technician**

**Background Information**

91. Please indicate the box corresponding to your age

*Select one.*

<input type="radio"/>	Under 25
<input type="radio"/>	26–29
<input type="radio"/>	30–39
<input type="radio"/>	40–49
<input type="radio"/>	50–59
<input type="radio"/>	60 or older

92. Please indicate your gender

*Select one.*

<input type="radio"/>	Male
<input type="radio"/>	Female
<input type="radio"/>	Prefer not to say

93. Please indicate if your position as technician is ...

*Select one.*

<input type="radio"/>	Permanent
<input type="radio"/>	Temporary

94. Please indicate if your work as technician is ...

*Select one.*

<input type="radio"/>	Full Time
<input type="radio"/>	Part Time

95. What is the highest level of formal education you have you completed in a SCIENCE subject?

Select one.

<input type="radio"/>	Doctorate degree
<input type="radio"/>	Masters Degree
<input type="radio"/>	Post Graduate Certificate of Education or equivalent
<input type="radio"/>	Bachelor Degree
<input type="radio"/>	Other 18+ qualification, e.g. BTEC Certificate/Diploma/Apprenticeship/Technical Qualification
<input type="radio"/>	A level or AS level/Higher or Advanced Higher
<input type="radio"/>	GCSE/O level/CSE/Scottish Standard
<input type="radio"/>	No formal science qualification
<input type="radio"/>	Other, e.g. Qualification obtained overseas; Armed Forces training; Please specify: <input type="text"/>

96. Are you a Registered Science Technician (RSciTech)?

Select one.

<input type="radio"/>	Yes
<input type="radio"/>	No

97. Are you working towards RSciTech registration?

Select one.

<input type="radio"/>	Yes
<input type="radio"/>	No

98. Have you received any professional development related to supporting science practical work in the current academic year?

Select one.

<input type="radio"/>	Yes	(Go to question number 99.)
<input type="radio"/>	No	(Go to question number 100.)

99. Please indicate the number of days

<input type="text"/>	Number
----------------------	--------

<b>Your role as a Technician</b>
Practical work is defined in this study as: “A learning activity in which students observe, investigate and develop an understanding of the world around them, through direct, hands-on, experience of phenomena or manipulating real objects and materials.”

100. Please indicate if you work as a general science or specialist science subject technician
<i>Select one.</i>
<input type="radio"/> General science technician
<input type="radio"/> Specialist science subject technician

101. If applicable, please state which specialist science subject(s) you support.
<i>Select all that apply.</i>
<input type="checkbox"/> Physics
<input type="checkbox"/> Chemistry
<input type="checkbox"/> Biology
<input type="checkbox"/> Other (Please specify): <input style="width: 100%;" type="text"/>

102. We would like to know about the tasks you do as a technician. Please indicate how often you do these tasks:						
<i>Select all that apply.</i>						
	<i>Daily</i>	<i>Weekly</i>	<i>Monthly</i>	<i>Termly</i>	<i>Annually</i>	<i>Never</i>
Advising a teacher how to do an experiment/use equipment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Photocopying worksheets for lessons	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Discussing science curriculum requirements with a teacher	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Setting up equipment for an experiment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Repairing technical equipment, e.g. oscilloscopes, microscopes	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Planning a new experiment e.g. by constructing and/or modifying equipment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Filing worksheets/paper resources	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Liaising with school senior managers about science practical equipment/resources	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Moving furniture/textbooks	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Setting up general IT equipment, e.g. electronic whiteboard, students' computers	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

103. Does your job include any responsibilities/roles outside the science department, either formal or informal?

*Select one.*

<input type="radio"/>	Yes	(Go to question number 104.)
<input type="radio"/>	No	(Go to question number 106.)

104. How much time in hours per week do you spend on your additional role(s)?

<input type="text"/>	Number
----------------------	--------

105. Please indicate what your additional role(s) is/are.

*Select all that apply.*

<input type="checkbox"/>	Technician in another department
<input type="checkbox"/>	School/college health and safety advisor
<input type="checkbox"/>	Teaching assistant
<input type="checkbox"/>	Other general role (Please specify): <input type="text"/>

### Preparation Rooms

106. How many preparation rooms are there in your school or college?

<input type="text"/>	Number
----------------------	--------

107. How are preparation rooms organised?

*Select one.*

<input type="radio"/>	Subject-specific preparation rooms for biology, chemistry and physics
<input type="radio"/>	Preparation rooms are shared between all sciences
<input type="radio"/>	Both specialist and shared preparation rooms

108. Are any preparation rooms shared with another department (outside science)?

*Select one.*

<input type="radio"/>	Yes
<input type="radio"/>	No

109. Are any preparation rooms age-specific, e.g. 11 – 14, 14 – 16, post-16?

Select one.

<input type="radio"/>	Yes
<input type="radio"/>	No

110. In the preparation room(s) you use, please evaluate the following factors and facilities

Select one per row.

	<i>Available and sufficient/working</i>	<i>Available but insufficient/not working</i>	<i>Not available</i>	<i>Not relevant</i>
Storage space for equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Working surfaces to meet the needs of the department	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gas, water, electricity supply	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Proximity to laboratories	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Computer, internet connections and telephone	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Trolley for moving equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Space for trolleys	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
First aid kit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Mechanical ventilation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A lockable, ventilated chemical store	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Refrigerator/freezer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Dishwasher or laboratory glass washer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fume cupboard	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A still for distilling water	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Provision for the secure storage of gas cylinders	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

**Laboratories**

111. How many laboratories are there in your school/college?

	Number
--	--------

112. In the laboratories you assist, please indicate to what extent the following are satisfactory (available and in good working order) in relevant laboratories.

*Select one per row.*

	<i>All</i>	<i>Most</i>	<i>About half</i>	<i>A few</i>	<i>None</i>
Easy access for technicians	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Appropriate space for class sizes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Good quality furnishings, e.g. benches, stools, shelving, storage	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fully functioning sinks and drainage	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Roof, floor, walls in good condition	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Basic Health and Safety standards met, e.g. eye protection, screens, fire extinguishers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Mechanical ventilation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Computers available for student use	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Space to leave long term investigations/experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Well distributed taps	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Well distributed power points	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Accessible shut-offs for gas, electricity and water and an earth-leakage circuit breaker on the electrical supply	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Provision for teacher-led demonstrations that might require gas, water and electricity.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
An interactive whiteboard, projector etc.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Working blinds/curtains/light-dimming system for black outs (Physics only)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fume cupboard with working gas, electricity and water supplies (Chemistry only)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Well distributed gas taps (Chemistry only)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

<b>Science Equipment</b>
--------------------------

Please select the items in the following three questions that are relevant for the laboratories you serve and indicate if an item is available in working order and/or as a complete set.
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

113. Physics or General Science Laboratory item
-------------------------------------------------

<i>Select one per row.</i>
----------------------------

	<i>Available in working order/complete set</i>	<i>Available but not working/not complete set</i>	<i>Not available</i>	<i>Don't know</i>
Oscilloscope with spectrum analysis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Van de Graaff Generator	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Air Track with air source	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Electric Vacuum Pump	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of data loggers with sensors	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of ray boxes and lenses	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Magnetic field observation kit (iron filings, magnets)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of multimeters or volt and ammeters	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of Newtonmeters	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of magnets	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of tuning forks	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of bulbs, bulb holders and wires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

114. Chemistry or General Science Laboratory item

Select one per row.

	<i>Available in working order/complete set</i>	<i>Available but not working/not complete set</i>	<i>Not available</i>	<i>Don't know</i>
UV Spectrophotometer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Anatomical models, e.g. eye, torso, ear, heart	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of dissection kit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of plastic petri dishes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

116. We would be pleased to hear about any other experiences of practical work in your current school or college you would like to share. We also welcome your views and opinions on how practical science might change in future years.

### 3 School Staff Survey for heads of science and science teachers - Year 2

In year 2 of the study, there were two separate surveys, one for heads of science and the other for science teachers. There was no survey for science technicians in year 2 of the study. Below is the survey for heads of science, which contains all the questions for science teachers. Questions asked only to heads of science are indicated next to the relevant questions.

#### About your School or College

\*1. School/College name (\*Required)

--

\*2. What is your school/college's postcode? (\*Required)

--

\*3. In which nation is your school/college? (\*Required)

Select one.

<input type="radio"/>	England
<input type="radio"/>	Scotland

Please indicate your school or college characteristics

4. Age Range

Select one.

<input type="radio"/>	5 -19 Primary and Secondary
<input type="radio"/>	11 - 16 Secondary
<input type="radio"/>	11 - 19 Secondary
<input type="radio"/>	16 - 19 Secondary
<input type="radio"/>	FE College
<input type="radio"/>	Other

5. Funding

Select one.

<input type="radio"/>	Local authority/state funded
<input type="radio"/>	Academy/Free School
<input type="radio"/>	Independent
<input type="radio"/>	Other

6. Gender/Selectivity

Select one.

<input type="radio"/>	Boys non-selective
<input type="radio"/>	Girls non-selective
<input type="radio"/>	Mixed non-selective
<input type="radio"/>	Boys selective
<input type="radio"/>	Girls selective
<input type="radio"/>	Mixed selective

**Current Students**

7. How many students attend your school/college?

--

8. For schools/sixth-form colleges only:

	<i>Number</i>
How many 15-16 year-olds attend the school?	<input type="text"/>
How many 15-16 year-olds take examinations in three separate science subjects (physics, chemistry and biology)	<input type="text"/>
How many post-16 students attend the school/college?	<input type="text"/>
How many post-16 students study one or more science subjects?	<input type="text"/>

9. For FE colleges ONLY: How many students study one or more science subjects at A/AS-level, Higher/Advanced Higher or academic equivalent?

--

**Departmental structure** (*head of science only*)

10. Please indicate the number of students studying PHYSICS (*head of science only*)

	<i>Number</i>
Number of 11-14 year-olds	<input type="text"/>
Number of students doing GCSEs/Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS/A level/Higher/Advanced Higher or equivalent in the subject	<input type="text"/>

11. Please indicate the number of students studying CHEMISTRY (*head of science only*)

	<i>Number</i>
Number of 11-14 year-olds	<input type="text"/>
Number of students doing GCSEs/Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS/A level/Higher/Advanced Higher or equivalent in the subject	<input type="text"/>

12. Please indicate the number of students studying BIOLOGY (*head of science only*)

	<i>Number</i>
Number of 11-14 year-olds	<input type="text"/>
Number of students doing GCSEs/Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS/A level/Higher/Advanced Higher or equivalent in the subject	<input type="text"/>

**Staffing** (*head of science only*)

13. How many science teachers (full-time equivalent, FTE) teach in the school/college? (*head of science only*)

--

14. How many teachers (FTE) teach each of these subjects? (*head of science only*)

	Number
Physics	<input style="width: 100%;" type="text"/>
Chemistry	<input style="width: 100%;" type="text"/>
Biology	<input style="width: 100%;" type="text"/>

15. How many technicians (FTE) in total support science in your school/college? (*head of science only*)

--

16. How many technicians (FTE) support each of these subjects? (*head of science only*)

	Number
Physics	<input style="width: 100%;" type="text"/>
Chemistry	<input style="width: 100%;" type="text"/>
Biology	<input style="width: 100%;" type="text"/>

17. Are any technician positions currently unfilled? (*head of science only*)

Select one.

<input type="radio"/>	Yes
<input type="radio"/>	No

**Department Budget** (*head of science only*)

18. What is the current annual budget (excluding staff salaries) allocated to science from your school/college? (*head of science only*)

	£
Budget for the Science Department	<input type="text"/>
If applicable, your science department budget carried over from last year	<input type="text"/>

19. How has the budget changed since last year? (*head of science only*)

Select one.

<input type="radio"/>	Increased
<input type="radio"/>	Decreased
<input type="radio"/>	Stayed the same

20. Please state the proportions of your department budget allocated to these areas of expenditure (Note: percentages do not need to add up to 100%) (*head of science only*)

	<i>Proportion allocated (%) of total</i>
Consumables and equipment for practical work	<input type="text"/>
Photocopying/reprographics - for hard copy worksheets, examinations etc.	<input type="text"/>
ICT - software, hardware, data logging	<input type="text"/>
Science-specific professional development	<input type="text"/>

**Laboratories** *(head of science only)*

21. How satisfied are you with the following factors in your department for delivering high-quality practical work? *(head of science only)*

Select one per row.

	<i>Very satisfied</i>	<i>Satisfied</i>	<i>Neither satisfied not dissatisfied</i>	<i>Dissatisfied</i>	<i>Very dissatisfied</i>
The department has sufficient laboratory facilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has sufficient equipment and consumables	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has sufficient technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has a sufficient budget	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The teachers have sufficient competency	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Teachers are offered sufficient professional development	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

**Practical Work Teaching this current year**

Practical work is defined in this study as:

“A learning activity in which students observe, investigate and develop an understanding of the world around them, through direct, hands-on, experience of phenomena or manipulating real objects and materials.”

The next questions relate to teaching specific age groups (11-14, 14-16, Post-16). Please answer questions for each age group you teach.

22. Are you teaching AS/A level/Advanced Highers/Highers to Post-16 students in schools or colleges in the current academic year?

Select one.

<input type="radio"/>	Yes	(Go to question number 23.)
<input type="radio"/>	No	(Go to question number 38.)

Please indicate ONE science subject and Post-16 qualification you are teaching this year and answer all questions about teaching with this subject and qualification in mind.

23. SUBJECT

Select one.

<input type="radio"/>	Physics
<input type="radio"/>	Chemistry
<input type="radio"/>	Biology
<input type="radio"/>	Other (Please specify): <input type="text"/>

24. QUALIFICATION

Select one.

<input type="radio"/>	A level
<input type="radio"/>	Advanced Highers
<input type="radio"/>	AS level
<input type="radio"/>	Highers
<input type="radio"/>	Other (Please specify): <input type="text"/>

25. Please specify the Awarding Organisation whose specification you are following for this qualification:

Select one.

<input type="radio"/>	AQA
<input type="radio"/>	Edexcel
<input type="radio"/>	OCR
<input type="radio"/>	CIE
<input type="radio"/>	IB
<input type="radio"/>	CCEA
<input type="radio"/>	ICAAE
<input type="radio"/>	WJEC
<input type="radio"/>	SQA
<input type="radio"/>	Other (Please specify): <input type="text"/>

26. What is the average number of students in a class for your selected Post-16 subject and qualification?

Enter a number.

<input type="text"/>	students
----------------------	----------

27. How much timetabled time (in hours) is allocated to the selected Post-16 subject and qualification each week?

<input type="text"/>	Hours
----------------------	-------

28. Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year. (Please use decimals if necessary, e.g. 3.5)

	<i>Number of hours each week</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

29. For your selected subject and Post-16 qualification, approximately how many days are allocated to each of these activities in an academic year?

	<i>Days in a year</i>
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science-related industry, museums, etc.	<input type="text"/>

30. Has the number of days for these activities changed since the last academic year?

*Select one per row.*

	<i>Increased</i>	<i>Decreased</i>	<i>Stayed about the same</i>
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

31. For your selected subject and Post-16 qualification, approximately how many practical science activities will a student carry out during the current year?

<input type="text"/>
----------------------

32. How has the number of practical work activities/experiments altered since last year?

*Select one.*

<input type="radio"/>	Increased
<input type="radio"/>	Decreased
<input type="radio"/>	Stayed the same

33. For your selected subject and Post-16 qualification, how much lesson time (in hours) is allocated to preparing for and carrying out practical work assessment required by the Awarding Organisation in the current academic year?

<input type="text"/>	Hours
----------------------	-------

34. Please indicate how often the students in the selected subject and Post-16 qualification work individually, in pairs or in groups when carrying out practical work activities/experiments

Select one per row.

	<i>Always</i>	<i>Most of the time</i>	<i>About half the time</i>	<i>Seldom</i>	<i>Never</i>
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

35. Please indicate how frequently students in the selected subject and Post-16 qualification do the following in their practical work activities/experiments

Select one per row.

	<i>All activities</i>	<i>Most activities</i>	<i>About half of the activities</i>	<i>A few activities</i>	<i>No activities</i>
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

36. For the selected subject and Post-16 qualification, please compare and rate the impact of these factors on choosing what practical work to include in your lessons

Select one per row.

	<i>High impact - 5</i>	4	3	2	<i>No impact - 1</i>
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

37. Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the Post-16 phase.

Select one per row.

	<i>Very well prepared</i>	<i>Well prepared</i>	<i>Marginally prepared</i>	<i>Unprepared</i>
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

38. Are you teaching GCSE/National science to 14-16 year old students in schools or colleges in the current academic year?

Select one.

<input type="radio"/>	Yes	(Go to question number 39.)
<input type="radio"/>	No	(Go to question number 54.)

Please indicate ONE science subject and 14-16 qualification you are teaching this year and answer all questions about teaching with this subject and qualification in mind.

### 39. SUBJECT

*Select one.*

<input type="radio"/>	Physics
<input type="radio"/>	Chemistry
<input type="radio"/>	Biology
<input type="radio"/>	Other (please specify): <input type="text"/>

### 40. QUALIFICATION

*Select one.*

<input type="radio"/>	National 4
<input type="radio"/>	National 5
<input type="radio"/>	Single subject GCSE
<input type="radio"/>	Double Award GCSE
<input type="radio"/>	Single Award GCSE
<input type="radio"/>	Other (please specify): <input type="text"/>

41. Please specify the Awarding Organisation whose specification you are following for this qualification:

*Select one.*

<input type="radio"/>	AQA
<input type="radio"/>	Edexcel
<input type="radio"/>	OCR
<input type="radio"/>	CIE
<input type="radio"/>	IB
<input type="radio"/>	CCEA
<input type="radio"/>	ICAAE
<input type="radio"/>	WJEC
<input type="radio"/>	SQA
<input type="radio"/>	Other (please specify): <input type="text"/>

42. What is the average number of students in a class for your selected 14-16 subject and qualification?

*Enter a number.*

students

43. How much timetabled time (in hours) is allocated to the selected subject and year group each week?

Hours

44. Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year. (Please use decimals if necessary, e.g. 3.5)

	<i>Number of hours each week</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

45. For your selected 14-16 subject and qualification, approximately how many days are allocated to each of these activities in an academic year?

	<i>Days in a year</i>
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science related industry, museums etc.	<input type="text"/>

46. How has the number of days for these activities changed since the last academic year?

*Select one per row.*

	<i>Increased</i>	<i>Decreased</i>	<i>Stayed about the same</i>
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

47. For your selected 14-16 subject and qualification, approximately how many practical science activities will a student carry out during the current year?

--

48. How has the number of practical work activities/experiments altered since last year?

Select one.

<input type="radio"/>	Increased
<input type="radio"/>	Decreased
<input type="radio"/>	Stayed the same

49. For your selected subject and 14 -16 qualification, how much lesson time (in hours) is allocated to preparing for and carrying out practical work assessment required by the Awarding Organisation in the current academic year?

	Hours
--	-------

50. Please indicate how often the students in the selected 14-16 subject and qualification work individually, in pairs or in groups when carrying out practical work activities/experiments

Select one per row.

	<i>Always</i>	<i>Most of the time</i>	<i>About half the time</i>	<i>Seldom</i>	<i>Never</i>
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

51. Please indicate how frequently students in the selected 14-16 subject and qualification do the following in their practical work activities/experiments.

*Select one per row.*

	<i>All activities</i>	<i>Most activities</i>	<i>About half of the activities</i>	<i>A few activities</i>	<i>No activities</i>
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

52. For your selected 14-16 subject and qualification, please compare and rate the impact of these factors on choosing what practical work to include in your lessons

Select one per row.

	<i>High impact - 5</i>	4	3	2	<i>No impact - 1</i>
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

53. Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the 14-16 phase.

Select one per row.

	<i>Very well prepared</i>	<i>Well prepared</i>	<i>Marginally prepared</i>	<i>Unprepared</i>
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

54. Are you teaching GCSE/National science to 11-14 year old students in the current academic year?

Select one.

<input type="radio"/>	Yes	(Go to question number 55.)
<input type="radio"/>	No	(Go to question number 70.)

Please indicate ONE timetabled subject and year group you are teaching to 11-14s this year and answer all questions about teaching with this subject and qualification in mind.

55. SUBJECT

Select one.

<input type="radio"/>	Physics
<input type="radio"/>	Chemistry
<input type="radio"/>	Biology
<input type="radio"/>	Science
<input type="radio"/>	Other (Please specify): <input type="text"/>

56. YEAR GROUP

Select one.

<input type="radio"/>	11 – 12s (Year 7)
<input type="radio"/>	12 – 13s (Year 8 / S1 / 1st Year)
<input type="radio"/>	13 – 14s (Year 9 / S2 / 2nd Year)

57. If you are in a school in England and your selected year group is 13 - 14s (Year 9), are you teaching a GCSE syllabus?

Select one.

<input type="radio"/>	Yes
<input type="radio"/>	No

58. What is the average number of students in a class for your selected 11-14 subject and year group?

Enter a number.

<input type="text"/>	students
----------------------	----------

59. How much timetabled time (in hours) is allocated to the selected subject and year group each week?

<input type="text"/>	Hours
----------------------	-------

60. Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year. (Please use decimals if necessary, e.g. 3.5)

	<i>Number of hours each week</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

61. For your selected 11-14 subject and year group, approximately how many days are allocated to each of these activities in an academic year?

	<i>Days in a year</i>
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science related industry, museums etc.	<input type="text"/>

62. How has the number of days for these activities changed since the last academic year?

*Select one per row.*

	<i>Increased</i>	<i>Decreased</i>	<i>Stayed about the same</i>
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

63. For your selected 11-14 subject and year group, approximately how many practical science activities will a student carry out during the current year?

64. How has the number of practical work activities/experiments altered since last year?

*Select one.*

<input type="radio"/>	Increased
<input type="radio"/>	Decreased
<input type="radio"/>	Stayed the same

65. For your selected 11-14 subject and year group, how much lesson time (in hours) is allocated to preparing for and carrying out statutory practical work assessment in the current academic year?

Hours

66. Please indicate how often the students in the selected 11-14 subject and year group work individually, in pairs or in groups when carrying out practical work activities/experiments

Select one per row.

	<i>Always</i>	<i>Most of the time</i>	<i>About half the time</i>	<i>Seldom</i>	<i>Never</i>
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

67. Please indicate how frequently students in the selected 11-14 subject and qualification do the following in their practical work activities/experiments.

Select one per row.

	<i>All activities</i>	<i>Most activities</i>	<i>About half of the activities</i>	<i>A few activities</i>	<i>No activities</i>
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

68. For your selected 11-14 subject and year group, please compare and rate the impact of these factors on choosing what practical work to include in your lessons

Select one per row.

	<i>High impact - 5</i>	4	3	2	<i>No impact - 1</i>
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

69. Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the 11-14 phase.

Select one per row.

	<i>Very well prepared</i>	<i>Well prepared</i>	<i>Marginally prepared</i>	<i>Unprepared</i>
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

**Background Information**

70. Please indicate the box corresponding to your age

*Select one.*

<input type="radio"/>	Under 25
<input type="radio"/>	26–29
<input type="radio"/>	30–39
<input type="radio"/>	40–49
<input type="radio"/>	50–59
<input type="radio"/>	60 or older

71. Please indicate your gender

*Select one.*

<input type="radio"/>	Male
<input type="radio"/>	Female
<input type="radio"/>	Prefer not to say

72. Please indicate if your current teaching position is ...

*Select one.*

<input type="radio"/>	Permanent
<input type="radio"/>	Temporary

73. Please indicate if you work....

*Select one.*

<input type="radio"/>	Full time
<input type="radio"/>	Part time

74. By the end of this academic year, how many years will you have been teaching altogether?

	Number
--	--------

75. Please indicate your specialist science subject

Select one.

<input type="radio"/>	Physics
<input type="radio"/>	Chemistry
<input type="radio"/>	Biology
<input type="radio"/>	Other, e.g. Earth sciences. Please specify: <input type="text"/>

76. What is the highest level of formal education you have completed in YOUR SPECIALIST science subject?

Select one.

<input type="radio"/>	Doctorate degree
<input type="radio"/>	Masters degree
<input type="radio"/>	Bachelor degree
<input type="radio"/>	A level/Higher or other post-16 qualification such as BTEC, diploma, IB, NVQ
<input type="radio"/>	Other (e.g. Qualification obtained overseas; Armed Forces training); please specify: <input type="text"/>

77. What is the highest level of formal education you have completed in ANY SCIENCE subject?

Select one.

<input type="radio"/>	Doctorate degree
<input type="radio"/>	Masters degree
<input type="radio"/>	Bachelor degree
<input type="radio"/>	A level/Higher or other Post-16 qualification such as BTEC, diploma, IB, NVQ
<input type="radio"/>	Other (e.g. Qualification obtained overseas; Armed Forces training); please specify: <input type="text"/>

78. Please indicate which science subject you studied to this level.

Select all that apply.

<input type="checkbox"/>	Biology - or related subject, e.g. Ecology/Marine Biology/Physiology/Zoology/Biomedical Science
<input type="checkbox"/>	Physics - or related subject, e.g. Astrophysics/Electronics/Space Science
<input type="checkbox"/>	Chemistry - or related subject e.g. Biochemistry/Pharmacology
<input type="checkbox"/>	Earth Science/Geology/Geography
<input type="checkbox"/>	Other, e.g. Engineering, Medicine, Optometry, general science

79. Please indicate if you hold a Post Graduate Certificate in Education or equivalent

Select one.

<input type="radio"/>	Yes	(Answer question number 79.1.)
<input type="radio"/>	No	

79.1 Please indicate the age range for which you trained

Select one.

<input type="radio"/>	11 - 16
<input type="radio"/>	11 - 19
<input type="radio"/>	Other: <input type="text"/>

\*80. Please indicate if you hold qualified teacher status in the nation where you currently work (\*Required)

Select one.

<input type="radio"/>	Yes
<input type="radio"/>	No

81. Have you received any professional development related to teaching science practical work in the current academic year?

Select one.

<input type="radio"/>	Yes	(Go to question number 82.)
<input type="radio"/>	No	(Go to question number 83.)

82. Please indicate the number of days

<input type="text"/>
----------------------

83. We would be pleased to hear about any other experiences of practical work in your current school or college you would like to share. We also welcome your views and opinions on how practical science might change in future years.

<input type="text"/>
<input type="text"/>
<input type="text"/>
<input type="text"/>
<input type="text"/>

**Prize draw**

To thank you for completing the survey, we would like to invite you to enter our free prize draw to win one of five £100 Amazon gift vouchers. Your email address is required so that we can get in touch if you win. Your details will not be used to identify you as part of the survey and will not be used for marketing purposes.

84. Please select whether you would like to participate in the free prize draw to win a £100 Amazon gift voucher.

*Select one.*

- |                       |                                                                                            |                                |
|-----------------------|--------------------------------------------------------------------------------------------|--------------------------------|
| <input type="radio"/> | Yes, I would like to participate in the free prize draw to win a £100 Amazon gift voucher. | (Answer question number 84.1.) |
| <input type="radio"/> | No thanks, I would not like to participate                                                 |                                |

84.1 My email address is:

**Be the first to know about next year's survey**

85. We would like to add you to our priority notification list for when the survey re-opens next year. To be added to the list, please leave your email address below. Your email address will not be used to identify you within the survey data and will not be used for marketing purposes.

## 4 School Staff Survey for heads of science - Year 3

# Practical Work in Science - Heads of Science survey

---

The Practical Work in Science Survey is seeking views, opinions and experiences about practical work from everyone teaching and supporting science in any secondary school or college within England and Scotland.

We are now into the final year of this exciting three-year national study. Your responses, along with the data we have collected in the last two years, will build a rich and detailed picture of how practical work in science has changed over this period. Each response is important to ensure that we represent the impact of changes in practical science to researchers and policy-makers.

The study is led by Durham University's Centre for Evaluation and Monitoring (CEM) and School of Education and is funded by the Gatsby Charitable Foundation, with a contribution from the Wellcome Trust. The project is part of an on-going programme of work by Gatsby, Wellcome and the Nuffield Foundation to understand and improve practical work in science education.

We are extremely keen to gather responses from as many heads of science, science teachers and technicians as possible within each school, so please do ask as many colleagues as possible to complete a survey. The perspective of multiple members of staff within a school gives us much richer data and will allow us to understand much more about science practical work in schools.

To thank you for completing the survey, you are invited to participate in a prize draw to win one of five £100 gift vouchers. We would also like to offer you the chance to sign up to be the first to hear about the findings of the study in spring 2018.

Many thanks for your support of the study.

**Vanessa Kind, Per Kind, Helen Cramman, Karen Jones, Kirsty Younger and Helen Gray**

**Durham University School of Education and Centre for Evaluation and Monitoring (CEM)**

## Consent

Your school / college name and postcode are requested in the survey to keep track of institutions over the three-year period, but these will not be identified in any report. Names of individual respondents are not required. All information given to us, including all personal details, will be treated in the strictest of confidence in accordance with the Data Protection Act. None of your experiences or thoughts will be shared with anyone outside of the study partners without removal of all identifying information. The survey responses and results (with all personally identifiable information removed) will be made freely available at the end of the study, and will help researchers, funders, and policy makers to understand the views about practical work in science in the UK. When the survey responses and results of the study are published, your answers will be included with data provided by other people, no individual or institution will be identifiable from the research findings. The study has ethical clearance from Durham University's School of Education Research Ethics Committee and is conducted in accordance with British Educational Research Association (2011) guidelines. Participants are completing the survey on a voluntary basis and may withdraw at any time. The survey takes approximately 20 - 25 minutes to complete.

To participate in the prize draw at the end of the survey, we request that you leave an email address. This email address will only be used at the end of July to notify you if you have won one of five £100 Amazon gift vouchers. We also separately request your email address if you would like to be notified when the findings of the study are published in spring 2018. In either case, your email address will not be used to identify you within the survey data and will not be used for marketing purposes.

If you have any queries or comments about the survey or study as a whole, please contact [research@cem.dur.ac.uk](mailto:research@cem.dur.ac.uk).

Please note that heads of science will be asked the science teacher questions in the later part of this survey and do not need to complete the separate teacher survey as well.

To start replying to the heads of science survey, click on the "Next" button below (please note that clicking on the "Next" button below indicates that you consent to participating in the survey based on the information given on this page).

## About your School or College

What is the name of your school/college? \* *Required*

What is your school/college's postcode? \* *Required*

Please enter a valid UK postcode.

In which nation is your school/college? \* *Required*

- England
- Scotland

## Please indicate your school or college characteristics

Age range \* *Required*

- 5 – 19 Primary and Secondary
- 11 – 16 Secondary
- 11 – 19 Secondary
- 16 – 19 Secondary
- FE College
- Other

Funding \* *Required*

- Local authority / State-funded
- Academy / Free school
- Independent
- Other

Gender / Selectivity \* *Required*

- Boys non-selective
- Girls non-selective
- Mixed non-selective
- Boys selective
- Girls selective
- Mixed selective

How would you describe the status of practical work in science within your school/college?

- High (senior management prioritise practical work in science)
- Medium (senior management do not show any particular preference for practical work in science)
- Low (senior management favour other priorities over practical work in science)

Does your school/college offer a regular extra-curricular STEM (Science, Technology, Engineering, Mathematics) club that includes practical work in science?

- Weekly or fortnightly
- Monthly
- Annually or few times a year
- Never

How many students attend your school/college? \* *Required*

Please enter a whole number (integer).

## For schools / sixth-form colleges only

	Number
How many 15-16 year-olds attend the school?	<input type="text"/>
How many 15-16 year-olds take examinations in three separate science subjects (physics, chemistry and biology)	<input type="text"/>
How many post-16 students attend the school/college?	<input type="text"/>
How many post-16 students study one or more science subjects?	<input type="text"/>

## For FE colleges only

How many students study one or more science subjects at A/AS-level, Higher/Advanced Higher or academic equivalent?

Please enter a whole number (integer).

# Departmental Structure

Please indicate the number of students studying PHYSICS.

	PHYSICS
Number of 11-14 year-olds	<input type="text"/>
Number of students doing GCSEs / Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS / A level / Higher / Advanced Higher or equivalent in the subject	<input type="text"/>

Please indicate the number of students studying CHEMISTRY.

	CHEMISTRY
Number of 11-14 year-olds	<input type="text"/>
Number of students doing GCSEs / Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS / A level / Higher / Advanced Higher or equivalent in the subject	<input type="text"/>

Please indicate the number of students studying BIOLOGY.

	BIOLOGY
Number of 11-14 year-olds	<input type="text"/>
Number of students doing GCSEs / Nationals or equivalent in the subject	<input type="text"/>
Number of students doing AS / A level / Higher / Advanced Higher or equivalent in the subject	<input type="text"/>

# Staffing

How many science teachers (full-time equivalent, FTE) teach in the school/college? \* Required

Please enter a number.

How many teachers (FTE) teach each of these subjects?

Physics	<input type="text"/>
Chemistry	<input type="text"/>
Biology	<input type="text"/>

How many science teacher positions (FTE) in total are currently unfilled in your school/college?

Please enter a number.

How many technicians (FTE) in total support science in your school/college? \* Required

Please enter a number.

How many technicians are employed on the following basis?

	FTE
Term-time only (pro-rata)	<input type="text"/>
Term-time only (pro-rata) with additional paid time during school holidays	<input type="text"/>
Year round (term-time and school holidays)	<input type="text"/>

How many senior technicians (FTE) in total support your science department? \* *Required*

Please enter a number.

How many technicians (FTE) support each of these subjects?

Physics	<input type="text"/>
Chemistry	<input type="text"/>
Biology	<input type="text"/>

Are any technician positions currently unfilled?

- Yes
- No

How has the number of technicians (FTE) in your school/college changed within the last year?

- Increased
- Decreased
- Stayed the same

Which of these factors have affected the number of technicians within your school/college in the last year?

- Financial
- Change in student numbers
- Long term ill health
- Failure to recruit
- Decision not to recruit after post becomes vacant
- School restructuring

- Curriculum changes
- None of the above
- Other

If you selected Other, please specify:

# Department Budget

What is the current annual budget (excluding staff salaries) allocated to science from your school/college?

	£
Budget for the science department	<input type="text"/>
If applicable, your science department budget carried over from last year	<input type="text"/>

Do you have access to central funds within the school for additional purchases not covered within your departmental budget?

- Yes
- No

How has the budget changed since last year?

- Increased
- Decreased
- Stayed the same

Please state the proportions of your department budget allocated to these areas of expenditure. (Note: percentages do not need to add up to 100%)

	Proportion allocated (%) of total
Consumables and equipment for practical work	<input type="text"/>
Photocopying/reprographics - for hard copy worksheets, examinations etc.	<input type="text"/>
ICT - software, hardware, data logging	<input type="text"/>
Science-specific professional development	<input type="text"/>

Are there any other areas of science expenditure not covered above?

- Yes
- No

If yes, please state the area and proportion allocated to it:

	Area of expenditure	Proportion of funding (%)
1	<input type="text"/>	<input type="text"/>
2 (optional)	<input type="text"/>	<input type="text"/>
3 (optional)	<input type="text"/>	<input type="text"/>

# Resources

How satisfied are you with the following factors in your department for delivering high-quality practical work?

	Very satisfied	Satisfied	Neither satisfied nor dissatisfied	Dissatisfied	Very dissatisfied
The department has sufficient laboratory facilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has sufficient equipment and consumables	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has sufficient technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The department has a sufficient budget	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The teachers have sufficient competency	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Teachers are offered sufficient professional development	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Practical Work Teaching this current year

Practical work is defined in this study as:

*"A learning activity in which students observe, investigate and develop an understanding of the world around them, through direct, hands-on, experience of phenomena or manipulating real objects and materials."*

The next questions relate to teaching specific age groups (11-14, 14-16, Post-16). Please answer questions for each age group you teach.

Are you teaching AS / A level or Highers / Advanced Highers to Post-16 students in schools or colleges in the current academic year? \* *Required*

- Yes
- No

## For those teaching AS / A level / Highers / Advanced Highers

Subject: \* *Required*

- Physics
- Chemistry
- Biology
- Other

If you selected Other, please specify:

Qualification: \* *Required*

[+ More info](#)

- A level
- Advanced Highers
- AS level
- Highers

Please specify the Awarding Organisation whose specification you are following for this qualification.

- AQA
- Edexcel
- OCR
- CIE
- IB
- CCEA
- ICAAE
- WJEC
- SQA
- Other

If you selected Other, please specify:

What is the average number of students in a class for your selected subject and Post-16 qualification? \*  
*Required*

Please enter a number.

How much timetabled time (in hours) is allocated to the selected subject and Post-16 qualification each week? \* *Required*

Please enter a number.

Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year.

	Number of hours each week (please use decimals if necessary, e.g. 3.5) * <i>Required</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

For your selected subject and Post-16 qualification, how has the proportion of lesson time spent on practical work activities/experiments altered since the last academic year?

- Increased
- Decreased

Stayed the same

For your selected subject and Post-16 qualification, approximately how many days are allocated to each of these activities in an academic year?

	Days in a year
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science-related industry, museums, etc.	<input type="text"/>

How has the number of days for these activities changed since the last academic year?

	Increased	Decreased	Stayed about the same
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For your selected subject and Post-16 qualification, approximately how many practical science activities will a student carry out during the current year? \* Required

Please enter a number.

How has the number of practical work activities/experiments altered since last year?

- Increased
- Decreased
- Stayed the same

For your selected subject and Post-16 qualification, how much lesson time (in hours) is allocated to preparing for and carrying out practical work assessment required by the Awarding Organisation in the

current academic year?

Please enter a number.

Please indicate how often the students in the selected subject and Post-16 qualification work individually, in pairs or in groups when carrying out practical work activities/experiments.

	Always	Most of the time	About half the time	Seldom	Never
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please indicate how frequently students in the selected subject and Post-16 qualification do the following in their practical work activities/experiments.

	All activities	Most activities	About half of the activities	A few activities	No activities
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For the selected subject and Post-16 qualification, please compare and rate the impact of these factors on choosing what practical work to include in your lessons.

	High impact 5	4	3	2	No impact 1
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please rate how well you think students in your selected subject and qualification are prepared for practical activities/experiments when they start the Post-16 phase.

	Very well prepared	Well prepared	Marginally prepared	Unprepared
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For your selected subject and Post-16 qualification, have your students had an opportunity to plan and carry out an open-ended, extended investigation (longer than 2 weeks) involving practical work in lesson time in the last academic year?

- Yes
- No

In your opinion, have recent changes to practical work assessment had an impact on assessing students' practical science skills, for your selected subject and Post-16 qualification?

- Positive impact
- No impact
- Negative impact

Do you offer Extended Project Qualifications (EPQ) in science in your school/college?

- Yes
- No

If yes, how many students chose to carry out an EPQ in science in the last academic year in your school/college?

Please enter a whole number (integer).

How many of these students chose to carry out an EPQ involving practical work in science in the last academic year in your school/college?

Please enter a whole number (integer).

## Practical Work Teaching this current year for 14-16-year-olds

Are you teaching GCSE / National science to 14-16-year-old students in your school or college this current academic year? \* *Required*

Yes

No

## For those teaching GCSE/National science to 14-16-year-old students

Please indicate ONE science subject and 14-16 qualification you are teaching this year and answer the following questions about teaching with this subject and qualification in mind. Subject: \* *Required*

- Physics
- Chemistry
- Biology
- Other

If you selected Other, please specify:

Qualification: \* *Required*

- National 4
- National 5
- Single subject GCSE
- Double Award GCSE
- Single Award GCSE
- Other

If you selected Other, please specify:

If you selected either Single subject, Double Award or Single Award GCSE, is this qualification an IGCSE?

- Yes
- No

Please indicate the year group within the 14 – 16 age range that you are referring to in your answers.

- 14–15-year-olds
- 15–16-year-olds

Please specify the Awarding Organisation whose specification you are following for this qualification:

- AQA
- Edexcel
- OCR
- CIE
- IB
- CCEA
- ICAAE
- WJEC
- SQA
- Other

If you selected Other, please specify:

What is the average number of students in a class for your selected subject and 14-16 qualification? \*  
*Required*

Please enter a number.

How much timetabled time (in hours) is allocated to the selected subject and year group each week? \*  
*Required*

Please enter a number.

--

Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year.

	Number of hours each week (please use decimals if necessary, e.g. 3.5) * <i>Required</i>
Practical work carried out by students	<input style="width: 100%; height: 25px;" type="text"/>
Teacher-led demonstrations to the whole class	<input style="width: 100%; height: 25px;" type="text"/>
Computer simulations and/or online experiments	<input style="width: 100%; height: 25px;" type="text"/>

For your selected subject and 14-16 qualification, how has the proportion of lesson time spent on practical work activities/experiments altered since last year?

Increased  
 Decreased  
 Stayed the same

For your selected subject and 14-16 qualification, approximately how many days are allocated to each of these activities in this academic year?

	Days in a year
Outdoor practical work/fieldwork	<input style="width: 100%; height: 25px;" type="text"/>
Off-site visits to science-related industry, museums, etc.	<input style="width: 100%; height: 25px;" type="text"/>

How has the number of days for these activities changed since the last academic year?

	Increased	Decreased	Stayed about the same
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------	-----------------------	-----------------------	-----------------------

For your selected subject and 14-16 qualification, approximately how many practical science activities will a student carry out during the current year?

Please enter a number.

How has the number of practical work activities/experiments altered since last year?

Increased  
 Decreased  
 Stayed the same

For your selected subject and 14-16 qualification, how much lesson time (in hours) is allocated to preparing for and carrying out practical work assessment required by the Awarding Organisation in the current academic year?

Please enter a number.

Please indicate how often the students in the selected subject and 14-16 qualification work individually, in pairs or in groups when carrying out practical work activities/experiments.

	Always	Most of the time	About half the time	Seldom	Never
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please indicate how frequently students in the selected subject and 14-16 qualification do the following in their practical work activities/experiments.

	All activities	Most activities	About half of the activities	A few activities	No activities
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For the selected subject and 14-16 qualification, please compare and rate the impact of these factors on choosing what practical work to include in your lessons.

	High impact 5	4	3	2	No impact 1
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
---------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

## Practical Work Teaching this current year

Are you teaching GCSE / National science to 11-14-year-old students in the current academic year? \*  
*Required*

Yes

No

## For those teaching 11-14-year-old students

Please indicate ONE science subject and year group you are teaching to 11-14s this year and answer all questions about teaching with this subject and year group in mind. Subject: \* *Required*

- Physics
- Chemistry
- Biology
- Science
- Other

If you selected Other, please specify:

Year group: \* *Required*

- 11-12s (Year 7)
- 12-13s (Year 8 / S1)
- 13-14s (Year 9 / S2)

If your selected year group is 13-14s (Year 9), are you teaching a GCSE syllabus?

- Yes
- No

If yes, is this qualification an IGCSE?

- Yes
- No

What is the average number of students in a class for your selected subject and 11-14 year group? \* *Required*

Please enter a number.

How much timetabled time (in hours) is allocated to the selected subject and year group each week? \*  
*Required*

Please enter a number.

Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year.

	Number of hours each week (please use decimals if necessary, e.g. 3.5) * <i>Required</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

For your selected subject and 11-14 year group, how has the proportion of lesson time spent on practical work activities/experiments altered since last year?

- Increased
- Decreased
- Stayed the same

For your selected subject and 11-14 year group, approximately how many days are allocated to each of these activities in an academic year?

Days in a year

Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science-related industry, museums, etc.	<input type="text"/>

How has the number of days for these activities changed since the last academic year?

	Increased	Decreased	Stayed about the same
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For your selected subject and 11-14 year group, approximately how many practical science activities will a student carry out during the current year?

Please enter a number.

For your selected subject and 11-14 year group, how has the number of practical work activities/experiments altered since last year?

Increased  
 Decreased  
 Stayed the same

For your selected subject and 11-14 year group, how much lesson time (in hours) is allocated to preparing for and carrying out statutory practical work assessment in the current academic year?

Please enter a number.

Please indicate how often the students in the selected subject and 11-14 year group work individually, in

pairs or in groups when carrying out practical work activities/experiments.

	Always	Most of the time	About half the time	Seldom	Never
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please indicate how frequently students in the selected subject and 11-14 year group do the following in their practical work activities/experiments.

	All activities	Most activities	About half of the activities	A few activities	No activities
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For the selected subject and 11-14 year group, please compare and rate the impact of these factors on choosing what practical work to include in your lessons.

	High impact 5	4	3	2	No impact 1
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the 11-14 phase.

	Very well prepared	Well prepared	Marginally prepared	Unprepared
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For your selected subject and 11-14 year group, have your students had an opportunity to carry out an open-ended, extended investigation (longer than 2 weeks) involving practical work in lesson time in the last academic year?

- Yes
- No

In your opinion, have recent changes to practical work assessment had an impact on assessing students' practical science skills, for your selected subject and 11 – 14 year group?

- Positive impact

- No impact
- Negative impact

## Background Information

Please select the age range corresponding to your age.

- Under 25
- 26–29
- 30–39
- 40–49
- 50–59
- 60 or older

Please indicate your gender

- Male
- Female
- Other
- Prefer not to say

Please indicate if your current teaching position is ...

- Permanent
- Temporary

Please indicate if you work....

- Full-time
- Part-time

By the end of this academic year, how many years will you have been teaching altogether?

Please enter a number.

# Qualifications

Please indicate your specialist science subject.

- Physics
- Chemistry
- Biology
- Other

If you selected Other, please specify:

What is the highest level of formal education you have completed in YOUR SPECIALIST science subject?

- Doctorate degree
- Masters degree
- Bachelor degree
- A level/Higher or other post-16 qualification such as BTEC, diploma, IB, NVQ
- Other (e.g. Qualification obtained overseas; Armed Forces training)

If you chose other, please specify:

What is the highest level of formal education you have completed in ANY SCIENCE subject?

- Doctorate degree
- Masters degree
- Bachelor degree
- A level/Higher or other post-16 qualification such as BTEC, diploma, IB, NVQ
- Other (e.g. Qualification obtained overseas; Armed Forces training)

If you chose other, please specify:

Please indicate which science subject you studied to this level.

- Biology - or related subject, e.g. Ecology/Marine
- Biology/Physiology/Zoology/Biomedical Science
- Physics - or related subject, e.g. Astrophysics/Electronics/Space Science
- Chemistry - or related subject e.g. Biochemistry/Pharmacology
- Earth Science/Geology/Geography
- Other, e.g. Engineering, Medicine, Optometry, general science

Please indicate if you hold a Post Graduate Certificate in Education or equivalent.

- Yes
- No

If your answer was yes, please indicate the age range for which you trained.

- 11-16
- 11-19
- Other

If you selected Other, please specify:

Please indicate if you hold qualified teacher status in the nation where you currently work. \* *Required*

- Yes
- No

Have you received any professional development related to teaching science practical work in the current academic year?

- Yes
- No

If you answered yes, please indicate the number of professional development days received.

Please enter a number.

How many further days of professional development related to teaching science practical work have you requested but not been permitted to attend?

Please enter a number.

How many further days of professional development related to teaching science practical work have you been offered by the school but were unable or chose not to attend?

Please enter a number.

We would be pleased to hear about any other experiences of practical work in science in your current school or college you would like to share. We also welcome your reflections on changes in practical work in science over the last few years.

# Prize draw

## PRIZE DRAW

To thank you for completing the survey, we would like to invite you to enter our free prize draw to win one of five £100 Amazon gift vouchers. Your email address is required so that we can get in touch if you win. Your details will not be used to identify you as part of the survey and will not be used for marketing purposes.

Please select whether you would like to participate in the free prize draw to win a £100 Amazon gift voucher.

- Yes, I would like to participate in the free prize draw to win a £100 Amazon gift voucher.
- No thanks, I would not like to participate.

Please enter your email address:

Please enter a valid email address.

## Be the first to know about the findings of the study

Durham University, the Gatsby Charitable Foundation and the Wellcome Trust greatly appreciate the time that you have taken to support this study. To thank you for your involvement, we would like to add you to a priority notification list so that you will be the first to know when the findings of the study are published in spring 2018. The list may be shared with the Gatsby Foundation and the Wellcome Trust for this purpose. To be added to the list, please leave your email address below. Your email address will not be used to identify you within the survey data and will not be used for marketing purposes.

Please enter a valid email address.

# Thank you

Thank you for taking part. You have responded anonymously to our survey. If you would like to contact us, please send an email to [research@cem.dur.ac.uk](mailto:research@cem.dur.ac.uk).

---

## 5 School Staff Survey for science teachers - Year 3

# Practical Work in Science - Science Teachers survey

---

The Practical Work in Science Survey is seeking views, opinions and experiences about practical work from everyone teaching and supporting science in any secondary school or college within England and Scotland.

We are now into the final year of this exciting three-year national study. Your responses, along with the data we have collected in the last two years, will build a rich and detailed picture of how practical work in science has changed over this period. Each response is important to ensure that we represent the impact of changes in practical science to researchers and policy-makers.

The study is led by Durham University's Centre for Evaluation and Monitoring (CEM) and School of Education and is funded by the Gatsby Charitable Foundation, with a contribution from the Wellcome Trust. The project is part of an on-going programme of work by Gatsby, Wellcome and the Nuffield Foundation to understand and improve practical work in science education.

We are extremely keen to gather responses from as many heads of science, science teachers and technicians as possible within each school, so please do ask as many colleagues as possible to complete a survey. The perspective of multiple members of staff within a school gives us much richer data and will allow us to understand much more about science practical work in schools.

To thank you for completing the survey, you are invited to participate in a prize draw to win one of five £100 gift vouchers. We would also like to offer you the chance to sign up to be the first to hear about the findings of the study in spring 2018.

Many thanks for your support of the study.

**Vanessa Kind, Per Kind, Helen Cramman, Karen Jones, Kirsty Younger and Helen Gray**

**Durham University School of Education and Centre for Evaluation and Monitoring (CEM)**

# Consent

Your school / college name and postcode are requested in the survey to keep track of institutions over the three-year period, but these will not be identified in any report. Names of individual respondents are not required. All information given to us, including all personal details, will be treated in the strictest of confidence in accordance with the Data Protection Act. None of your experiences or thoughts will be shared with anyone outside of the study partners without removal of all identifying information. The survey responses and results (with all personally identifiable information removed) will be made freely available at the end of the study, and will help researchers, funders, and policy makers to understand the views about practical work in science in the UK. When the survey responses and results of the study are published, your answers will be included with data provided by other people, no individual or institution will be identifiable from the research findings. The study has ethical clearance from Durham University's School of Education Research Ethics Committee and is conducted in accordance with British Educational Research Association (2011) guidelines. Participants are completing the survey on a voluntary basis and may withdraw at any time. The survey takes approximately 15 minutes to complete.

To participate in the prize draw at the end of the survey, we request that you leave an email address. This email address will only be used at the end of July to notify you if you have won one of five £100 Amazon gift vouchers. We also separately request your email address if you would like to be notified when the findings of the study are published in spring 2018. In either case, your email address will not be used to identify you within the survey data and will not be used for marketing purposes.

If you have any queries or comments about the survey or study as a whole, please contact [research@cem.dur.ac.uk](mailto:research@cem.dur.ac.uk).

To start replying to the science teachers survey, click on the "Next" button below (please note that clicking on the "Next" button below indicates that you consent to participating in the survey based on the information given on this page).

## About your School or College

What is the name of your school/college? \* *Required*

What is your school/college's postcode? \* *Required*

Please enter a valid UK postcode.

In which nation is your school/college? \* *Required*

- England
- Scotland

## Please indicate your school or college characteristics

Age range \* *Required*

- 5 – 19 Primary and Secondary
- 11 – 16 Secondary
- 11 – 19 Secondary
- 16 – 19 Secondary
- FE College
- Other

Funding \* *Required*

- Local authority / State-funded
- Academy / Free school
- Independent
- Other

Gender / Selectivity \* *Required*

- Boys non-selective
- Girls non-selective
- Mixed non-selective
- Boys selective
- Girls selective
- Mixed selective

How would you describe the status of practical work in science within your school/college?

- High (senior management prioritise practical work in science)
- Medium (senior management do not show any particular preference for practical work in science)
- Low (senior management favour other priorities over practical work in science)

Does your school/college offer a regular extra-curricular STEM (Science, Technology, Engineering, Mathematics) club that includes practical work in science?

- Weekly or fortnightly
- Monthly
- Annually or few times a year
- Never

How many students attend your school/college? \* *Required*

Please enter a whole number (integer).

## For schools / sixth-form colleges only

	Number
How many 15-16 year-olds attend the school?	<input type="text"/>
How many 15-16 year-olds take examinations in three separate science subjects (physics, chemistry and biology)	<input type="text"/>
How many post-16 students attend the school/college?	<input type="text"/>
How many post-16 students study one or more science subjects?	<input type="text"/>

## For FE colleges only

How many students study one or more science subjects at A/AS-level, Higher/Advanced Higher or academic equivalent?

Please enter a whole number (integer).

## Practical Work Teaching this current year

Practical work is defined in this study as:

*"A learning activity in which students observe, investigate and develop an understanding of the world around them, through direct, hands-on, experience of phenomena or manipulating real objects and materials."*

The next questions relate to teaching specific age groups (11-14, 14-16, Post-16). Please answer questions for each age group you teach.

Are you teaching AS / A level or Highers / Advanced Highers to Post-16 students in schools or colleges in the current academic year? \* *Required*

- Yes
- No

# For those teaching AS / A level / Highers / Advanced Highers

Please indicate ONE science subject and Post-16 qualification you are teaching this year and answer all questions about teaching with this subject and qualification in mind.

Subject: \* *Required*

- Physics
- Chemistry
- Biology
- Other

If you selected Other, please specify:

Qualification: \* *Required*

[+ More info](#)

- A level
- Advanced Highers
- AS level
- Highers
- Other

If you selected Other, please specify:

Please specify the Awarding Organisation whose specification you are following for this

qualification.

- AQA
- Edexcel
- OCR
- CIE
- IB
- CCEA
- ICAAE
- WJEC
- SQA
- Other

If you selected Other, please specify:

What is the average number of students in a class for your selected subject and Post-16 qualification? \* *Required*

Please enter a number.

How much timetabled time (in hours) is allocated to the selected subject and Post-16 qualification each week? \* *Required*

Please enter a number.

Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year.

	Number of hours each week (please use decimals if necessary, e.g. 3.5) * <i>Required</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

For your selected subject and Post-16 qualification, how has the proportion of lesson time spent on practical work activities/experiments altered since the last academic year?

Increased  
 Decreased  
 Stayed the same

For your selected subject and Post-16 qualification, approximately how many days are allocated to each of these activities in an academic year?

	Days in a year
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science-related industry, museums, etc.	<input type="text"/>

How has the number of days for these activities changed since the last academic year?

	Increased	Decreased	Stayed about the same
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------	-----------------------	-----------------------	-----------------------

For your selected subject and Post-16 qualification, approximately how many practical science activities will a student carry out during the current year? \* *Required*

Please enter a number.

How has the number of practical work activities/experiments altered since last year?

Increased  
 Decreased  
 Stayed the same

For your selected subject and Post-16 qualification, how much lesson time (in hours) is allocated to preparing for and carrying out practical work assessment required by the Awarding Organisation in the current academic year?

Please enter a number.

Please indicate how often the students in the selected subject and Post-16 qualification work individually, in pairs or in groups when carrying out practical work activities/experiments.

	Always	Most of the time	About half the time	Seldom	Never
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-------------------------------------------------------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

Please indicate how frequently students in the selected subject and Post-16 qualification do the following in their practical work activities/experiments.

	All activities	Most activities	About half of the activities	A few activities	No activities
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For the selected subject and Post-16 qualification, please compare and rate the impact of these factors on choosing what practical work to include in your lessons.

	High impact 5	4	3	2	No impact 1
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please rate how well you think students in your selected subject and qualification are prepared for practical activities/experiments when they start the Post-16 phase.

	Very well prepared	Well prepared	Marginally prepared	Unprepared
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For your selected subject and Post-16 qualification, have your students had an opportunity to plan and carry out an open-ended, extended investigation (longer than 2 weeks) involving practical work in lesson time in the last academic year?

- Yes
- No

In your opinion, have recent changes to practical work assessment had an impact on assessing students' practical science skills, for your selected subject and Post-16 qualification?

- Positive impact
- No impact
- Negative impact

Do you offer Extended Project Qualifications (EPQ) in science in your school/college?

- Yes
- No

If yes, how many students chose to carry out an EPQ in science in the last academic year in your school/college?

Please enter a whole number (integer).

How many of these students chose to carry out an EPQ involving practical work in science in the last academic year in your school/college?

Please enter a whole number (integer).

## Practical Work Teaching this current year for 14-16-year-olds

Are you teaching GCSE / National science to 14-16-year-old students in your school or college this current academic year? \* *Required*

Yes

No

## For those teaching GCSE/National science to 14-16-year-old students

Please indicate ONE science subject and 14-16 qualification you are teaching this year and answer all questions about teaching with this subject and qualification in mind.

Subject: \* *Required*

- Physics
- Chemistry
- Biology

Qualification: \* *Required*

- National 4
- National 5
- Single subject GCSE
- Double Award GCSE
- Single Award GCSE
- Other

If you selected Other, please specify:

If you selected either Single subject, Double Award or Single Award GCSE, is this qualification an IGCSE?

- Yes
- No

Please indicate the year group within the 14 – 16 age range that you are referring to in your answers.

- 14–15-year-olds
- 15–16-year-olds

Please specify the Awarding Organisation whose specification you are following for this qualification:

- AQA
- Edexcel
- OCR
- CIE
- IB
- CCEA
- ICAAE
- WJEC
- SQA
- Other

If you selected Other, please specify:

What is the average number of students in a class for your selected subject and 14-16 qualification? \* *Required*

Please enter a number.

How much timetabled time (in hours) is allocated to the selected subject and year group each week? \* *Required*

Please enter a number.

Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year.

	Number of hours each week (please use decimals if necessary, e.g. 3.5) * <i>Required</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

For your selected subject and 14-16 qualification, how has the proportion of lesson time spent on practical work activities/experiments altered since last year?

- Increased
- Decreased
- Stayed the same

For your selected subject and 14-16 qualification, approximately how many days are allocated to each of these activities in this academic year?

	Days in a year
Outdoor practical work/fieldwork	<input type="text"/>

Off-site visits to science-related industry, museums, etc.

How has the number of days for these activities changed since the last academic year?

	Increased	Decreased	Stayed about the same
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For your selected subject and 14-16 qualification, approximately how many practical science activities will a student carry out during the current year?

Please enter a number.

How has the number of practical work activities/experiments altered since last year?

- Increased
- Decreased
- Stayed the same

For your selected subject and 14-16 qualification, how much lesson time (in hours) is allocated to preparing for and carrying out practical work assessment required by the Awarding Organisation in the current academic year?

Please enter a number.

Please indicate how often the students in the selected subject and 14-16 qualification work individually, in pairs or in groups when carrying out practical work activities/experiments.

	Always	Most of the time	About half the time	Seldom	Never
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please indicate how frequently students in the selected subject and 14-16 qualification do the following in their practical work activities/experiments.

	All activities	Most activities	About half of the activities	A few activities	No activities
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For the selected subject and 14-16 qualification, please compare and rate the impact of these factors on choosing what practical work to include in your lessons.

	High impact 5	4	3	2	No impact 1
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the 14-16 phase.

	Very well prepared	Well prepared	Marginally prepared	Unprepared

## Practical Work Teaching this current year for 11-14-year-olds

Are you teaching science to 11-14-year-old students in the current academic year? \* *Required*

Yes

No

## For those teaching 11-14-year-old students

Please indicate ONE science subject and year group you are teaching to 11-14s this year and answer all questions about teaching with this subject and qualification in mind.

Subject: \* Required

- Physics
- Chemistry
- Biology
- Science
- Other

If you selected Other, please specify:

Year group: \* Required

- 11-12s (Year 7)
- 12-13s (Year 8 / S1)
- 13-14s (Year 9 / S2)

If your selected year group is 13-14s (Year 9), are you teaching a GCSE syllabus?

- Yes
- No

If yes, is this qualification an IGCSE?

- Yes

No

What is the average number of students in a class for your selected subject and 11-14 year group? \* *Required*

Please enter a number.

How much timetabled time (in hours) is allocated to the selected subject and year group each week? \* *Required*

Please enter a number.

Of the allocated hours, please estimate how many hours are used on the following activities in an average week in the current year.

	Number of hours each week (please use decimals if necessary, e.g. 3.5) * <i>Required</i>
Practical work carried out by students	<input type="text"/>
Teacher-led demonstrations to the whole class	<input type="text"/>
Computer simulations and/or online experiments	<input type="text"/>

For your selected subject and 11-14 year group, how has the proportion of lesson time spent on practical work activities/experiments altered since last year?

Increased

- Decreased
- Stayed the same

For your selected subject and 11-14 year group, approximately how many days are allocated to each of these activities in an academic year?

	Days in a year
Outdoor practical work/fieldwork	<input type="text"/>
Off-site visits to science-related industry, museums, etc.	<input type="text"/>

How has the number of days for these activities changed since the last academic year?

	Increased	Decreased	Stayed about the same
Outdoor practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Off-site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For your selected subject and 11-14 year group, approximately how many practical science activities will a student carry out during the current year?

Please enter a number.

For your selected subject and 11-14 year group, how has the number of practical work activities/experiments altered since last year?

- Increased
- Decreased
- Stayed the same

For your selected subject and 11-14 year group, how much lesson time (in hours) is allocated to preparing for and carrying out statutory practical work assessment in the current academic year?

Please enter a number.

Please indicate how often the students in the selected subject and 11-14 year group work individually, in pairs or in groups when carrying out practical work activities/experiments.

	Always	Most of the time	About half the time	Seldom	Never
Students work as individuals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in pairs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students work in groups (3 or more students per set of equipment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please indicate how frequently students in the selected subject and 11-14 year group do the following in their practical work activities/experiments.

	All activities	Most activities	About half of the activities	A few activities	No activities
Follow prepared instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Discuss purpose of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Design their own method	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Propose a hypothesis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate uncertainty of data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyse conceptual ideas in the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Draw conclusions from data	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Write a report about the activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate methods of activity/experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evaluate other students' experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For the selected subject and 11-14 year group, please compare and rate the impact of these factors on choosing what practical work to include in your lessons.

	High impact 5	4	3	2	No impact 1
Amount of timetabled lesson time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Curriculum requirements for prescribed activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for written exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Preparation for practical exams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements for coursework or controlled assessment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of equipment and resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Availability of technical support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your self-confidence for teaching practical work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' interest in science	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Students' behaviour	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please rate how well you think students in your selected subject are prepared for practical activities/experiments when they start the 11-14 phase.

	Very well prepared	Well prepared	Marginally prepared	Unprepared
Working independently in a laboratory	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Following a set of instructions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Using science equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing science reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

For your selected subject and 11-14 year group, have your students had an opportunity to carry out an open-ended, extended investigation (longer than 2 weeks) involving practical work in lesson time in the last academic year?

- Yes
- No

In your opinion, have recent changes to practical work assessment had an impact on assessing students' practical science skills, for your selected subject and 11-14 year group?

- Positive impact
- No impact
- Negative impact

# Background Information

Please select the age range corresponding to your age.

- Under 25
- 26–29
- 30–39
- 40–49
- 50–59
- 60 or older

Please indicate your gender

- Male
- Female
- Other
- Prefer not to say

Please indicate if your current teaching position is ...

- Permanent
- Temporary

Please indicate if you work....

- Full-time
- Part-time

By the end of this academic year, how many years will you have been teaching altogether?

Please enter a number.

# Qualifications

Please indicate your specialist science subject.

- Physics
- Chemistry
- Biology
- Other

If you selected Other, please specify:

What is the highest level of formal education you have completed in YOUR SPECIALIST science subject?

- Doctorate degree
- Masters degree
- Bachelor degree
- A level/Higher or other post-16 qualification such as BTEC, diploma, IB, NVQ
- Other (e.g. Qualification obtained overseas; Armed Forces training)

If you chose other, please specify:

What is the highest level of formal education you have completed in ANY SCIENCE subject?

- Doctorate degree
- Masters degree

- Bachelor degree
- A level/Higher or other post-16 qualification such as BTEC, diploma, IB, NVQ
- Other (e.g. Qualification obtained overseas; Armed Forces training)

If you chose other, please specify:

Please indicate which science subject you studied to this level.

- Biology - or related subject, e.g. Ecology/Marine
- Biology/Physiology/Zoology/Biomedical Science
- Physics - or related subject, e.g. Astrophysics/Electronics/Space Science
- Chemistry - or related subject e.g. Biochemistry/Pharmacology
- Earth Science/Geology/Geography
- Other, e.g. Engineering, Medicine, Optometry, general science

Please indicate if you hold a Post Graduate Certificate in Education or equivalent.

- Yes
- No

If your answer was yes, please indicate the age range for which you trained.

- 11-16
- 11-19
- Other

If you selected Other, please specify:

Please indicate if you hold qualified teacher status in the nation where you currently work. \*  
*Required*

- Yes
- No

Have you received any professional development related to teaching science practical work in the current academic year?

- Yes
- No

If you answered yes, please indicate the number of professional development days received.

Please enter a number.

How many further days of professional development related to teaching science practical work have you requested but not been permitted to attend?

Please enter a number.

How many further days of professional development related to teaching science practical work have you been offered by the school but were unable or chose not to attend?

Please enter a number.

We would be pleased to hear about any other experiences of practical work in science in your current school or college you would like to share. We also welcome your reflections on changes in practical work in science over the last few years.

# Prize draw

## PRIZE DRAW

To thank you for completing the survey, we would like to invite you to enter our free prize draw to win one of five £100 Amazon gift vouchers. Your email address is required so that we can get in touch if you win. Your details will not be used to identify you as part of the survey and will not be used for marketing purposes.

Please select whether you would like to participate in the free prize draw to win a £100 Amazon gift voucher.

- Yes, I would like to participate in the free prize draw to win a £100 Amazon gift voucher.
- No thanks, I would not like to participate.

Please enter your email address:

Please enter a valid email address.

## Be the first to know about the findings of the study

Durham University, the Gatsby Charitable Foundation and the Wellcome Trust greatly appreciate the time that you have taken to support this study. To thank you for your involvement, we would like to add you to a priority notification list so that you will be the first to know when the findings of the study are published in spring 2018. The list may be shared with the Gatsby Foundation and the Wellcome Trust for this purpose. To be added to the list, please leave your email address below. Your email address will not be used to identify you within the survey data and will not be used for marketing purposes.

Please enter a valid email address.

# Thank you

Thank you for taking part. You have responded anonymously to our survey. If you would like to contact us, please send an email to [research@cem.dur.ac.uk](mailto:research@cem.dur.ac.uk).

---

## 6 School Staff Survey for science technicians - Year 3

# Practical Work in Science - Technicians survey

---

The Practical Work in Science Survey is seeking views, opinions and experiences about practical work from everyone teaching and supporting science in any secondary school or college within England and Scotland.

We are now into the final year of this exciting three-year national study. Your responses, along with the data we have collected in the last two years, will build a rich and detailed picture of how practical work in science has changed over this period. Each response is important to ensure that we represent the impact of changes in practical science to researchers and policy-makers.

The study is led by Durham University's Centre for Evaluation and Monitoring (CEM) and School of Education and is funded by the Gatsby Charitable Foundation, with a contribution from the Wellcome Trust. The project is part of an on-going programme of work by Gatsby, Wellcome and the Nuffield Foundation to understand and improve practical work in science education.

We are extremely keen to gather responses from as many heads of science, science teachers and technicians as possible within each school, so please do ask as many colleagues as possible to complete a survey. The perspective of multiple members of staff within a school gives us much richer data and will allow us to understand much more about science practical work in schools.

To thank you for completing the survey, you are invited to participate in a prize draw to win one of five £100 gift vouchers. We would also like to offer you the chance to sign up to be the first to hear about the findings of the study in spring 2018.

Many thanks for your support of the study.

**Vanessa Kind, Per Kind, Helen Cramman, Karen Jones, Kirsty Younger and Helen Gray**

**Durham University School of Education and Centre for Evaluation and Monitoring (CEM)**

# Consent

Your school / college name and postcode are requested in the survey to keep track of institutions over the three-year period, but these will not be identified in any report. Names of individual respondents are not required. All information given to us, including all personal details, will be treated in the strictest of confidence in accordance with the Data Protection Act. None of your experiences or thoughts will be shared with anyone outside of the study partners without removal of all identifying information. The survey responses and results (with all personally identifiable information removed) will be made freely available at the end of the study, and will help researchers, funders, and policy makers to understand the views about practical work in science in the UK. When the survey responses and results of the study are published, your answers will be included with data provided by other people, no individual or institution will be identifiable from the research findings. The study has ethical clearance from Durham University's School of Education Research Ethics Committee and is conducted in accordance with British Educational Research Association (2011) guidelines. Participants are completing the survey on a voluntary basis and may withdraw at any time. The survey takes approximately 15 - 20 minutes to complete.

To participate in the prize draw at the end of the survey, we request that you leave an email address. This email address will only be used at the end of July to notify you if you have won one of five £100 Amazon gift vouchers. We also separately request your email address if you would like to be notified when the findings of the study are published in spring 2018. In either case, your email address will not be used to identify you within the survey data and will not be used for marketing purposes.

If you have any queries or comments about the survey or study as a whole, please contact [research@cem.dur.ac.uk](mailto:research@cem.dur.ac.uk).

To start replying to the science technician survey, click on the "Next" button below (please note that clicking on the "Next" button below indicates that you consent to participating in the survey based on the information given on this page).

## About your School or College

What is the name of your school/college? \* *Required*

What is your school/college's postcode? \* *Required*

Please enter a valid UK postcode.

In which nation is your school/college? \* *Required*

- England
- Scotland

## Please indicate your school or college characteristics

Age range \* *Required*

- 5- 19 Primary and Secondary
- 11 – 16 Secondary
- 11 – 19 Secondary
- 16 – 19 Secondary
- FE College
- Other

Funding \* *Required*

- Local authority / State-funded
- Academy / Free school
- Independent
- Other

Gender / Selectivity \* *Required*

- Boys non-selective
- Girls non-selective
- Mixed non-selective
- Boys selective
- Girls selective
- Mixed selective

How many students attend your school/college? \* *Required*

Please enter a whole number (integer).

How would you describe the status of practical work in science within your school/college?

- High (senior management prioritise practical work in science)
- Medium (senior management do not show any particular preference for practical work in science)
- Low (senior management favour other priorities over practical work in science)

Does your school/college offer a regular extra-curricular STEM (Science, Technology, Engineering, Mathematics) club that includes practical work in science?

- Weekly or fortnightly
- Monthly
- Annually or few times a year
- Never

# Staffing

How many technicians (full-time equivalent, FTE) in total support science in your school/college?

\* *Required*

Please enter a number.

How many technicians are employed on the following basis?

	FTE
Term-time only (pro-rata)	<input type="text"/>
Term-time only (pro-rata) with additional paid time during school holidays	<input type="text"/>
Year round (term time and school holidays)	<input type="text"/>

How many senior technicians (FTE) in total support your science department? \* *Required*

Please enter a number.

How many technicians (FTE) support each of these subjects?

	FTE
Physics	<input type="text"/>
Chemistry	<input type="text"/>
Biology	<input type="text"/>

Are any technician positions currently unfilled?

- Yes
- No

How has the number of technicians (FTE) in your school/college changed within the last year?

- Increased
- Stayed the same
- Decreased

# Background Information

Please select the age range corresponding to your age.

- Under 25
- 26–29
- 30–39
- 40–49
- 50–59
- 60 or older

Please indicate your gender

- Male
- Female
- Other
- Prefer not to say

Please indicate if your position as technician is ...

- Permanent
- Temporary

Please indicate if your work as technician is....

- Full-time
- Part-time

Please indicate if your work as technician is....

- Term-time only (pro-rata)
- Term-time only (pro-rata) with additional paid time during school holidays
- Year-round (term time and school holidays)

By the end of this academic year, how many years will you have been a science technician altogether?

Please enter a number.

# Qualifications

What is the highest level of formal education you have completed in a SCIENCE subject?

- Doctorate degree
- Masters degree
- Post Graduate Certificate of Education or equivalent
- Bachelor degree
- Other 18+ qualification, e.g. BTEC Certificate / Diploma / Apprenticeship / Technical Qualification
- A level or AS level/Higher or Advanced Higher
- GCSE/O level/CSE/Scottish Standard
- No formal science qualification
- Other, e.g. Qualification obtained overseas; Armed Forces training; Please specify:

If you selected Other, please specify:

Are you a Registered Science Technician (RSciTech)?

- Yes
- No

Are you working towards becoming a Registered Science Technician (RSciTech)?

- Yes
- No

Have you received any professional development related to supporting science practical work in

the current academic year?

- Yes
- No

Please indicate the number of professional development days received

Please enter a number.

How many further days of professional development related to supporting science practical work have you requested but not been permitted to attend?

Please enter a number.

How many further days of professional development related to supporting science practical work have you been offered by the school but were unable or chose not to attend?

Please enter a number.

## Your role as a technician

Practical work is defined in this study as:

*“A learning activity in which students observe, investigate and develop an understanding of the world around them, through direct, hands-on, experience of phenomena or manipulating real objects and materials.”*

Please indicate if you work as a general science or specialist science subject technician.

- General science technician
- Specialist science subject technician

If applicable, please state which specialist science subject(s) you support.

- Physics
- Chemistry
- Biology
- Other

If you selected Other, please specify:

We would like to know about the tasks you do as a technician. Please indicate how often you do these tasks: *Select all that apply.*

	Daily	Weekly	Monthly	Termly	Annually	Never
Advising a teacher how to do an experiment / use equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Photocopying worksheets for lessons	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Discussing science curriculum requirements with a teacher	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Setting up equipment for an experiment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Repairing technical equipment, e.g. oscilloscopes, microscopes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Planning a new experiment, e.g. by constructing and/or modifying equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Filing worksheets/paper resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Liaising with school senior managers about science practical equipment or resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Moving furniture or textbooks	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Setting up general IT equipment, e.g. electronic whiteboard, students' computers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Working directly with students on practical science activities in lessons	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Working directly with students on practical science activities outside lessons	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Does your job include any responsibilities/roles outside the science department, either formal or informal?

- Yes
- No

## Additional role

How much time in hours per week do you spend on your additional role(s)?

Please enter a number.

Please indicate what your additional role(s) is/are. *Select all that apply.*

- Technician in another department
- School/college health and safety advisor
- Teaching assistant
- Other

If you selected Other, please specify:

# Preparation Rooms

How many preparation rooms are there in your school or college?

Please enter a whole number (integer).

How are preparation rooms organised?

- Subject-specific preparation rooms for biology, chemistry and physics
- Preparation rooms are shared between all sciences
- Both specialist and shared preparation rooms

Are any preparation rooms shared with another department (outside science)?

- Yes
- No

In the preparation room(s) you use, please evaluate the following factors and facilities.

	Available and sufficient/working	Available but insufficient/not working	Not available	Not relevant
Storage space for equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Working surfaces to meet the needs of the department	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gas, water, electricity supply	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Proximity to laboratories	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Computer, internet connections and telephone	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Trolley for moving equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Space for trolleys	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
First aid kit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Mechanical ventilation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A lockable, ventilated chemical store	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Refrigerator/freezer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Dishwasher or laboratory glass washer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fume cupboard	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A still for distilling water	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Provision for the secure storage of gas cylinders	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

# Laboratories

How many laboratories are there in your school/college?

Please enter a whole number (integer).

In the laboratories you assist, please indicate to what extent the following are satisfactory (available and in good working order) in relevant laboratories.

	All	Most	About half	A few	None
Easy access for technicians	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Located close to prep rooms	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Accessible to SEND students	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Appropriate space for class sizes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Good quality furnishings, e.g. benches, stools, shelving, storage	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fully functioning sinks and drainage	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Roof, floor, walls in good condition	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Basic Health and Safety standards met, e.g. eye protection, screens, fire extinguishers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Mechanical ventilation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Computers available for student use	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Space to leave long term investigations/experiments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Well distributed taps	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Well distributed power points	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Accessible shut-offs for gas, electricity and water and an earth-leakage circuit breaker on the electrical supply	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Provision for teacher-led demonstrations that might require gas, water and electricity	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
An interactive whiteboard, projector etc.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Working blinds/curtains/light-dimming system for black outs (Physics only)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fume cupboard with working gas, electricity and water supplies (Chemistry only)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Well distributed gas taps (Chemistry only)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

# Science Equipment

Please select the items in the following three questions that are relevant for the laboratories you serve and indicate if an item is available in working order and/or as a complete set.

Physics or General Science Laboratory item

	Available in working order/complete set	Available but not working/not complete set	Not available	Don't know
Oscilloscope with spectrum analysis	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Van de Graaff Generator	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Air Track with air source	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Electric Vacuum Pump	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of data loggers with sensors	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of ray boxes and lenses	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Magnetic field observation kit (iron filings, magnets)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of multimeters or volt and ammeters	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of Newtonmeters	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of magnets	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of tuning forks	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of bulbs, bulb holders and wires	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Chemistry or General Science Laboratory item

	Available in working order/complete set	Available but not working/not complete set	Not available	Don't know
UV Spectrophotometer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
More than one digital precision balance ( $\pm 0.001\text{g}$ )	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of magnetic stirrers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of heating mantles	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of distillation apparatus	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of pH meters	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of student molecular modelling kit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of ground glass gas syringe	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of titration equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of Erlenmeyer flasks	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of Bunsen burners	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Eye protection for all students	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Biology or General Science Laboratory item

	Available in working order/complete set	Available but not working/not complete set	Not available	Don't know
Genetic engineering kit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Digital microscope with visualizer and/or camera	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Haemocytometer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gel electrophoresis equipment and centrifuge	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of datalogger with sensors	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of optical microscopes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Water bath and thermometers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of colorimeters	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of field work equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Anatomical models, e.g. eye, torso, ear, heart	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of dissection kit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Class set (groups) of plastic petri dishes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

We would be pleased to hear about any other experiences of practical work in science in your current school or college you would like to share. We also welcome your reflections on changes in practical work in science over the last few years.

## Prize draw

To thank you for completing the survey, we would like to invite you to enter our free prize draw to win one of five £100 Amazon gift vouchers. Your email address is required so that we can get in touch if you win. Your details will not be used to identify you as part of the survey and will not be used for marketing purposes.

Please select whether you would like to participate in the free prize draw to win a £100 Amazon gift voucher.

- Yes, I would like to participate in the free prize draw to win a £100 Amazon gift voucher.
- No thanks, I would not like to participate.

Please enter your email address:

Please enter a valid email address.

## Be the first to know about the findings of the study

Durham University, the Gatsby Charitable Foundation and the Wellcome Trust greatly appreciate the time that you have taken to support this study. To thank you for your involvement, we would like to add you to a priority notification list so that you will be the first to know when the findings of the study are published in spring 2018. The list may be shared with the Gatsby Foundation and the Wellcome Trust for this purpose. To be added to the list, please leave your email address below. Your email address will not be used to identify you within the survey data and will not be used for marketing purposes.

Please enter a valid email address.

# Thank you

Thank you for taking part. You have responded anonymously to our survey. If you would like to contact us, please send an email to [research@cem.dur.ac.uk](mailto:research@cem.dur.ac.uk).
