In the version of the article initially published, in the first paragraph, the equations now reading “ $y = ax^b$ , where  $y$  = brain mass,  $x$  = body mass,  $a$  = the intercept and  $b$  = the allometric coefficient” and “ $\log(y) = \log(a) + b\log(x)$ ” originally read “ $y = bx^a$ , where  $y$  = brain mass,  $b$  = body mass,  $x$  = the intercept and  $a$  = the allometric coefficient” and “ $\log y = a(\log b + \log x)$ ”. Additionally, Extended Data Fig. 3 was missing, while in the last paragraph of the Results, the two callouts to Supplementary Fig. 2 now cite Extended Data Fig. 3. The changes have been made to the HTML and PDF versions of the article.
